NEW TRADE BOOKSTORE ESTABLISHED

By E. Boyd Graves

Alumnae returning to the campus on Homecoming Day will have a pleasant surprise when they visit the newly established trade bookstore in Ann Carter Lee. The large room on the main floor, formerly Lounge A, is now filled with thousands of paperbacks as well as prints for framing and a few hardbound best-sellers and special editions for gifts.

This development is the fulfillment of long held dreams of a group of the faculty and administration that MWC might have a browsing-type bookstore comparable with other institutions. In September, 1965, Chancellor Simpson appointed a Special Committee on the Bookstore consisting of fourteen members of the faculty and four students to study the matter and make specific recommendations. In October the committee recommended that Lounge A be designated as the location for the Bookstore and undertook a study of the appropriate furnishings and equipment. The administration was quick to act and by January there was a sizeable collection of books for sale, new lighting installed and a sales clerk assigned to the room. Steel shelves were borrowed from the Library until the committee completed its study of permanent furnishings. The final recommendations were made early in February and included the purchase of several factory-made display-shelves, a large wall display board (similar to the one in the Museum of Modern Art in New York City), a specially designed table for the display of prints, lounge chairs for browsers, and other items. This permanent equipment is now on order.

One of the more interesting features is the addition of a group of literary magazines, such as *Atlantic*, *Harper's* and *Saturday Review*.

Already a stream of browsers (and purchasers) is in evidence at almost any hour. It is becoming habitual to drop in before or after a visit to the "C" shop to see what books have been newly added. General store items, such as cosmetics and candy, as well as cloth-bound textbooks ordered in bulk, are still available in the old bookstore across the hall.

GALA HOMECOMING PLANNED

Homecoming 1966 promises to be a gala week end for Alumnae. Husbands are given a special invitation to attend, and events are being planned for their entertainment. Open house at Spotswood on Friday evening and breakfast at Seacobeck on Saturday morning will provide all an opportunity to meet other alumnae and husbands. Following breakfast, the men can choose between the physically quiet activity of bridge at Ann Carter Lee Hall or the more strenuous one of a golf tournament on the College Course, while their wives chatter excitedly at class reunions or participate in the business meeting of the Association.

Both of these morning events for men are being planned as surprise fun contests and most of the prizes will not go to the No. 1 duplicate bridge shark or the holder of the country club golf championship, though they, too, will have a chance to win. Awards will be made at the luncheon at Seacobeck honoring the special reunion classes.

At the Alumnae College in duPont Little Theatre, Dean Edward A. Alvey, Jr. and Dr. Eva Shipstone, visiting professor from India, will be the speakers.

Afterwards, a tour on the college bus of historic places in Fredericksburg, or a visit to new buildings on the campus will provide entertainment for both alumnae and their spouses until the reception and buffet supper at Brompton,

HILLDRUP MEMORIAL LIBRARY

by Joseph C. Vance

Through the generosity of Mrs. Robert L. Hilldrup, there will soon be available in Monroe Hall a collection of books to commemorate her late husband, who was professor of history and chairman of that department until his death in the summer of 1964. Mrs. Hilldrup decided that books for the use of students would be a most fitting memorial for a teacher with whom the student always came first.

The books will consist of 400-500 titles, in paperback, dealing with all periods of history, and are being selected by a committee of three members of the history department from suggestions submitted by faculty and students. Special bookcases will house the collection in the student lounge of Monroe Hall. Plans are to have at least the nucleus of the collection ready for the beginning of classes this fall.

This collection will represent an ideal supplement to the previous gift to the Monroe Lounge by the local chapter of Pi Gamma Mu of the *Dictionary of American Biography* and the *Adams Dictionary of American History*. These books also were given in memory of Professor Hilldrup, who had worked with the chapter for many years.

It is hoped that this will not be the end of donations to what could become a most useful library and a most fitting tribute to the memory of Professor Hilldrup.

Dr. Eva Shipstone, visiting professor from India.

VISITING SCHOLAR FROM INDIA LOOKS AT EDUCATION IN AMERICA

As Miss Eva Shipstone, Principal (President) of Isabella Thoburn College, Lucknow, India, meets her classes in psychology at Mary Washington College this semester, she finds that our girls, like the brown-skinned, black-eyed ones she teaches in her native land, present very similar challenges. "Education is basically a stimulus-response situation," she says, and she believes that her students here work as hard as those in India to discover truth.

However, she thinks that students at MWC have better background preparation for college than most Indian girls, and that radio and television have given them cultural advantages which are unavailable to many in India. Although radio is widely used, it is not a free agency there, being largely under government control, with not much variety in programs. Delhi is the only city which has television broadcasts.

Highlighting some of the more obvious differences between life at Mary Washington and that at Isabella Thoburn, Miss Shipstone mentioned the time of the college session, from the first

week in July to the last in April, since May and June are the hottest months in India. Schedule-making is difficult at Isabella Thoburn, she explained, because students are given considerable freedom in electing combinations of courses at the beginning of the year since they have to remain with their choices for two years. Her college has an Alumnae Association similar to ours but with a less active program. On Founder's Day, which honors women who have served the college, alumnae are given a special invitation to return to the campus.

Isabella Thoburn College, where Miss Shipstone is administrative head as well as a teacher, was founded in 1870 as a church related school, educating girls from the primary grades through college. In 1922 the college became separate. With an enrollment of about 420, it remains a small school by choice. Approximately half of its students live in dormitories. The others are day students whose parents reside in Lucknow; otherwise many of these would be financially unable to attend college. Miss

STUDIO OPENED IN PARIS

Chancellor Grellet C. Simpson represented Mary Washington College in Paris on April 21 at the dedication of studios belonging to the University Center in Virginia. The studios, which are located at the Cite Internationale des Arts in the historic Marais section of Paris, will be occupied by artists and musicians from the student bodies and faculties of the participating educational institutions, one of which is MWC.

Anne Everett, '65, is now studying art in Paris under an Alumnae Scholarship Grant.

Shipstone is proud of the fact that her college is open to qualified girls of all classes, and that, while some of the girls are wealthy, there are always scholarships available for those with high intelligence and little money.

This earnest educator, who adds a touch of Eastern charm to the campus scene by wearing her native sari, believes that the emancipation of educated women in India has been more complete than in the United States. No field of endeavor is closed to them, she says, illustrating her point by mentioning the top political position held by Mrs. Indira Gandhi. Many women are making careers for themselves in medicine, education, social service, politics, law, engineering and clerical work. In America, she admits, there is a wide base of educated women. In India education for women has increased vertically; Indian college women are very highly trained. But only 15 to 16 per cent of Indian women are literate, which leaves the college-educated ones decidedly in the minority.

Miss Shipstone, who speaks excellent English, as do most educated Indians, has studied in several American colleges and Universities. She holds a Master's Degree in psychology from Vanderbilt University, did graduate work in Philosophy at Boston University and has a Ph.D. in psychology from Radcliffe College. In March she was awarded an honorary Doctor of Law Degree by Randolph-Macon Woman's College.

Both Dr. Shipstone and Dr. Grellet C. Simpson were among the educators who helped set up the U. S.-India Women's College Exchange Program. However, she is not at Mary Washington under this program, but on a Fulbright Senior Travel Grant.

CLASS AGENTS WANTED

Resignations have been received since the 1965 Homecoming from seven class agents, leaving vacancies for 1916, 1920, 1923, 1925, 1926, 1928, 1931, 1933, 1946, 1960 and 1963. So important are your class agents, serving as contacts between the Alumnae Association and members of your class and thus bringing together the College and its graduates for the exchange of news and views as well as for the renewal of friendships, that the loss of so many individuals leaves in truth "an aching void." We hope that members of these orphaned classes will be thinking carefully in the time remaining before the next Homecoming about whom to select to represent them.

Ina Taylor Powell, agent for our golden reunion class this year, has sent in her resignation effective June 1, and Linda Gulnac Steelman, head agent for the class of 1963, also tendered her resignation effective in June. Agent for the class of 1928, Georgia Overman Stewart, resigned in July 1965 because of poor health.

Shelby Davis Porter and Nancy "Penny" Engle Mohl, '60, have notified the Alumnae office that they can no longer serve. Fortunately Joanne "Jody" Campbell Close of 305 Stonewall Drive, Fredericksburg, has accepted an appointment to one of these vacancies, but the other remains to be filled.

Class Agent for 1931, *Ola Murray Martin*, and for 1946, *Elizabeth Harrison Leitch* also have asked that successors for them be appointed at Homecoming.

MEMORIAL

A gift of \$100.00 has been received by the Alumnae Association from *Emma Cooke Machen* '28, in memory of her late husband, *Luther W. Machen, Jr.*, of Hampton, Virginia, who died in February at the age of 63.

At the time of his death Mr. Machen was supervisor of construction and director of the bureau of teaching materials for Hampton schools. He had been with the Hampton school system continuously for 44 years, starting in 1922 as a shop teacher in the old Hampton H.S., now H. Wilson Thorpe Junior High. School Supt. C. Alton Lindsay said of him, "He was close to being one of those indispensable people. His work was always beyond the call of duty."

Mrs. Machen has one daughter and two sons, all of Hampton, and three grandchildren.

Many interesting bits of news received in Fund contribution letters had to be held over for the fall issue due to lack of space.

YOUR ALUMNAE MAGAZINE

Did the winter issue of the ALUMNAE NEWS (Volume 18, No. 1) look a little unfamiliar to you? In response to suggestions received from graduates, the Alumnae Association made a few changes in the format of the magazine, the most noticeable being the use of a full-page picture on the cover.

At the meeting of the Executive Committee in January, Barbara Malone Crookshanks '50 and Lula Quenzel, Acting Executive Secretary, were appointed to compare our publication with those of similar institutions and to suggest other changes which they thought would improve the magazine. They will report their conclusions in May, but the present format will be retained through the fall issue. If you have ideas for improving the ALUMNAE NEWS in format, content, or style send them to the Alumnae Office to be considered by the Committee.

Mrs. Crookshanks attended MWC for two years, then transferred to W. Va. University, where she completed work for a degree in Journalism. She served on the staff of the *Ladies Home Journal* for several years and was a reporter for the Fredericksburg *Free Lance-Star* for four years. At the present time she finds her two small daughters keep her busy.

In 1965 the summer issue of the ALUMNAE NEWS was discontinued, leaving a volume of three issues, each to have not less than 20 pages. Increasing the number of pages has made it possible to include more class news and in this and the winter issue all copy received from class correspondents was printed.

A special section, "To Keep Pace with America," will be included in the fall issue.

Mrs. *Peggy Kelley Reinburg* '58, President of the Alumnae Association, has been named as an instructor in Music (organ) at MWC for the 1966-67 school session. She replaces Mrs. Jean Slater Edson, who has been granted a leave of absence.

Recent grants made by the Chancellor from the Alumnae Association Scholarship Fund will appear in the fall issue.

TEA CELEBRATES 100TH DAY BEFORE GRADUATION

Although piles of snow still helped to keep the air crisp the third week in February, all the trees on Campus Drive were sprouting spots of yellow—not flowers, but gay little teapot shaped signs inviting the members of the Senior Class to a party at Spotswood, which would become their official campus home after graduation.

The 100th Day Tea was initiated in 1963 by the Alumnae Association to welcome seniors to the ranks of the Alumnae and to acquaint them with Spotswood, its staff and members of the Alumnae Association. It is becoming a pleasant senior tradition with an attendance of approximately 100 each year.

Again, those present were privileged to meet a special guest from India this year, Miss Eva Shipstone, Principal (President) of Isabella Thoburn College in Lucknow. Last year the visitor was Miss Padmabai Rubgundi from the Woman's Christian College in Madras.

Hostesses for the tea were members of the Baltimore Chapter of the Alumnae Association and included Mrs. *Mary Janes Fisher* '46, Chairman. Assisting her were Mrs. *Rhoda Browning McWilliams* '55 and Mrs. *Alice Eckenrode Alkire* '63, all of Baltimore, and the five Senior Class Agents, *Linda Broyles*, *Mary Anne Gusler*, *Kathy Brinn*, *Mary Morris* and *Carol Arndt*.

In addition to the Seniors, other guests who attended were Chancellor and Mrs. Grellet C. Simpson; Dean Edward Alvey, Jr.; Dean Margaret Hargrove; Dr. and Mrs. George Van Sant, Class Sponsors; Mrs. Mildred Cates Jamison, Faculty Advisor of the Alumnae Association; and Miss *Doris V.*

NEWS FEATURES ABOUT ALUMNAE

Several feature articles about alumnae of Mary Washington College have reached the Alumnae office in the past few months. These articles reflect a variety of activities of a few alumnae which may well represent the catholicity of interest of our alumnae in general.

Headlined in papers across the country in March was *Anne Lurton Ott* Scott, class of '60, and wife of the Gemini 8 pilot, Major David Scott, America's second space walker. Wives of famous men, whether they be the President or an astronaut, find themselves and their families in the spotlight as the public tries to identify with its heroes, so Lurton Scott was photographed, interviewed, and asked to share her emotions with others almost as much as her husband.

In an article in the *Richmond Times-Dispatch* on March 6, she said "My husband is getting ready to walk in space, but I am still changing diapers, vacuuming the house and shopping for groceries." She continues, "I can't truthfully say that I'm scared and many people don't understand this." She attributes her feeling of confidence partly to her knowledge of what will be happening in the air. The daughter of a retired Air Force general, she has flown since she was in grade school.

She met David Scott, also the son of an Air Force general, at his 10th birthday party, but did not see him again until he had graduated from West Point. After she had attended MWC for two years, they were married. They have two children, a girl, Tracy, nearly 5, and Douglas, 2. *Sue Ott*, sister of Lurton, graduated from MWC in the class of '55.

A feature article by Murry Frymer tells how *Adelaide Brall Aims* '47, of Freeport, Long Island, conceived the idea for the TV show, "Fractured Phrases," presented over NBC. After seeing a picture of Mrs. Aims in *Newsday* a production assistant for CBS asked her to appear as a contestant on the "Video Village" show. She accepted and later appeared on other TV game programs, finding these participations both interesting and financially profitable.

Then she had the happy idea of herself creating a TV contest for entertaining housewives. Working with a friend, Mrs. Beatrice Porter, she prepared a number of "Fractured

Phrases" which they presented to CBS. These were accepted and used in a series of programs under that name. The two housewives hope to think up other games which can be used on Television.

A third-year nursing student at the University of Virginia, golden-haired *Mary Brundage*, who took pre-nursing courses at MWC has won the distinction of being the first girl to compete in the Atlantic Coast Conference Swimming meets. Mary, who is a member of the University of Virginia swim team, is rated as one of the top 20 women swimmers in the United States. In an article in the *Washington Post Potomac Magazine* for March 6, Carolyn Bell Hughes says of her that in a male-oriented University Mary "has overcome whistles with a stunning back-stroke" to win the team's respect.

Holding a national record in drag racing is the distinction *Betty Davies Yates* '51, of Powhatan, has won, according to an article in the *Richmond Times-Dispatch* for January 16, 1966. Mrs. Yates, who entered Mary Washington College in 1947 and spent the ensuing four semesters there, does most of her racing at the Richmond Dragway near Byrd Airport. She says her husband, Elwood F. Yates, Jr., who enjoys preparing cars for racing, aroused her interest in the sport. She believes that drag racing fulfills a useful purpose in providing a proper drag-strip, supervision and safety rules for high-speed driving.

Mrs. Yates, who is the mother of three children, Elwood 10, Bill 8, and Kathy 12, is active in several clubs, does volunteer Red Cross work with paraplegics at McGuire Veteran's Administration Hospital, and sang in the Chorus of "Fanny" at the Virginia Museum Theatre.

Lenore Daugherty Hulcher '35 and husband, Charles, of Hampton, and their new home on a historic site were the subjects of a lengthy article by Ed Laborwit in *The Daily Press* of Newport News-Hampton on October 24, 1965. When excavation was started for their beautiful house on the peninsula, a brick wall was discovered and later the foundation of a house, as well as several "middens," shallow openings in the ground which early settlers and Indians used to bury waste material.

1937 GRADUATE IS SYSTEMS ENGINEER

Catherine Dryden Hook, '37, finds many of her duties with the National Aeronautics and Space Administration stimulating and exciting. As a systems engineer in the Apollo Program, she attended the XVI International Astronautical Congress in Athens, Greece, in September 1965. While there she met and obtained the autographs of the two American Astronauts and the two Russian Cosmonauts who addressed the Congress.

In October 1965 she presented a paper on "Reliability Engineering Education at Colleges and Universities" at the meeting of the American Society for Quality Control, held in Washington, D. C. and at the 19th New England Quality Control Council in Providence, R. I. Mrs. Hook received her Master's degree in Engineering from The George Washington University in June 1965.

given annually by Chancellor and Mrs. Grellet C. Simpson.

The day's activities will end with an off-campus party at the Princess Anne Inn, where alumnae and their guests may dance to a combo band or enjoy a beverage and a late supper snack as they renew old friendships or form new ones.

Alumnae also are invited to attend the baccalaureate and the graduation exercises on Sunday.

The discovery of many artifacts and relics led the Hulchers to explore the history of their property and to learn that it was part of a patent of 100 acres granted in 1624 to Elizabeth Dunthorne and later the site of "Cowpers," a fashionable colonial home which was destroyed during the Revolutionary War.

MEET MARGARET BEAR, CLASS OF 1917

Girls at Mary Washington College were just as busy in 1917 when it was called "The State Normal School" as they are today, if the activities of *Elizabeth W. Irvine White*, Home Economics major, were typical. During her three years at the college she helped pay her expenses by working long hours in the library, but found time to be business manager of the annual, soloist in the glee club, Class Poet, and President of the YWCA. She also started *The Tattler*, the first Literary Society newspaper, placed first in swimming in her senior year and for two years won the Annual Award for the best poem. She says that in 1917 "Mary Harwood and I were so loaded with offices it was decided to put in the point system the next year."

After graduation, she taught for two years, then entered the Presbyterian School of Christian Education in Richmond, finishing her graduate work there in 1921. The following two years she was the City Missionary.

In June 1923 she married the Rev. James Edwin Bear, and in August they sailed for China to become missionaries for the Presbyterian Church. Their first year was spent in Nanking learning the Chinese language with about a hundred other students from many parts of the world. Next they were sent to Chinkiang where they spent six "exciting and sometimes dangerous years." When they learned after returning to America for a year's furlough that Mrs. Bear had contracted an Oriental disease, Mr. Bear became professor of the Greek New Testament and later held the Chair of Christian Missions at Union Theological Seminary in Richmond, where he taught for thirty-two years.

Continuing her work with the Presbyterian Church, Mrs. Bear founded and operated "The Missionary Closet" which supplied used and new clothing to missionaries and church workers the world over. This voluntary service, by which clothes were donated and distributed without charge to those in church work, became established in the Presbyterian Seminaries in the U.S. and now employs a full-time paid worker. When, in 1963, Mrs. Bear retired, the Presbyterian School of Education established a scholarship in her name recognizing the services she had provided through "The Missionary Closet."

Both Mr. and Mrs. Bear are now retired, but live near the Seminary. He is writing a book on China.

The Bears reared four children, three daughters and a son. The oldest daughter is the wife of a professor of English at the University of Georgia. The second, following family tradition, is a missionary, as is her husband, to the Republic of the Congo. The third daughter is a librarian in the Rich-

Colony Studios

Vera Burton Buxton

PEACE CORPS VOLUNTEER

Vera Burton Buxton '63, of Waynesboro, has been named a Peace Corps Volunteer and was among a group of other volunteers who departed for Panama on November 21. Some of these members of the Peace Corps will work in community development in remote Indian settlements. Others will be employed in agricultural extension and the establishment of cooperatives in the central province where they will help define the common problems of the community in which they live, and work with the native citizens toward finding solutions.

There are now 10,000 other Peace Corps Volunteers active in 46 nations of Asia, Africa and Latin America. Many more are needed. The Peace Corps, with headquarters in Washington, D. C., gives placement tests throughout the country on the second Saturday in each month for applicants who are willing to spend two years helping underprivileged peoples around the world.

A member of the class of 1958, Shirley Heim (Mrs. Phillip) was named by the Fredericksburg Jaycees as the Outstanding Young Educator of 1965. Mrs. Heim teaches at Maury Elementary School. In addition to representing the area in the state competition, she will receive a \$150 scholarship for summer graduate studies.

mond City Library, and the son is a mathematician with duPont in Martinsville.

Mrs. Bear says, "I shall ever be grateful for the education I received there [MWC] and for the many friends I made while on the campus."

Classmates, please let me hear from you. I am new at this job and we need news and correct addresses.

Kathleen Scott Warren writes "I shall be looking forward to the spring issue, as I don't think the class of 1914 has ever had a "write-up."

"If not before, I hope to see you and all my 1914 classmates at our 'Centennial!'" writes Catherine Ware. She retired recently after teaching school for 43 years. "Retirement is really wonderful," she says. "The days are never long enough to do all the things I love to do!"

Since 1954 Mary Snead has been clerk of the local Board for Essex County. She says "It is interesting and challenging, and I find working with young men a change from my previous concentration on girls . . . at St. Margaret's School." She retired from teaching in 1950.

Junia Graves writes: "Sorry I could not make it to our reunion last summer, but I was delighted to hear news of so many from Jean. I have been recuperating quite nicely from the attacks I had and having time for the enjoyment of some of my hobbies."

Kathryne Rice Watkins is now a widow and lives alone. Her three daughters are married; two of them are MWC graduates. Her home is at Lottsburg, between Callao and Heathsville in the Northern Neck and she invites any member of the Alumnae Assn. to stop and visit her.

A note from Louise Lewis says: "About 5 years ago I retired and returned to my home on the beautiful old Rappahannock, and am living alone, being the last of my family—the price one pays for being the youngest, I suppose.

Jane Garth Nelson is another classmate who retired recently. After graduation she taught for 12 years, then worked as a bookkeeper and secretary for 22 years. Married in 1923, she has two sons and six grandchildren—four boys and 2 girls.

A card written to Ruth Post Harris came back marked "deceased." Our classmate and former Class Agent, Graham Martin Eagleman, died in 1962. I had a lovely note from her daughter, who lives in Richmond.

Our class has been widely scattered. Let's try to keep in touch more often. We can take pride in being members of one of the early graduating classes of MWC.

Dear Girls of "1915" Class:

Your Christmas cards and notes brought news of interest to me. *Charlotte Rice* Weymouth expressed pleasure in attending our 50th Reunion. Don't fail to be on hand next May, Charlotte. *Louise Henley* Jones says it is good to see many of you after fifty years. *Mannie Torbert* Kelly enjoyed class picture and letter, also seeing Alice, Edna and Ettinette. Her husband is doing fine now.

Mary Temple Coleman Theimer wrote an interesting note on her work at the Museum in Chicago. "Christmas Around the World" was being observed and the crowds were great, as many as 40,000 a day. Mary Temple and husband were planning to spend the holidays with grandchildren in Billings, Montana. Sickness prevented the trip last year.

The Tyners wish to thank the girls for their continual remembrances and love. *Ettienette Broaddus* Moore had lunch in Raleigh with Mrs. Tyner last summer on a trip through North Carolina.

Margaret Sayre Ransone, as usual, is tutoring—this time it is a smart high school student who has not been taught to read or spell but always promoted. He is doing well under Margaret's care.

Alice Warren Twiddy lost her only sister in August. Her husband lost a brother the same month. Our sympathy to them. Alice and husband planned to visit her relatives on the Eastern Shore at Christmas. *Edna Gibbs* Hunter enjoyed many trips in the fall—visited Skyline Drive, Charlottesville and attended a reunion with her "high school crowd" on the Eastern Shore. As I write this when snowbound, Edna is scheduled to be in sunny (?) Florida.

Virginia Bolen writes that retirement is wonderful—an opportunity to do unexpected things. She is making plans now for a flower show in May. *Elsie Wood* Rice enjoyed Christmas with her grandchildren and families. *Ettienette Broaddus* Moore and her husband, Mac, paid a visit to Elsie in the fall as they went to Arlington to visit relatives. They also had a nice visit with *Beulah Detweiler* Anderson, who was doing well.

Josephine Jerrell White lost her sister in October. She was an invalid and lived with Josephine. Our sympathy and love to Josephine.

Our thanks to Mrs. Jones and Mrs. Quenzel, the new secretaries in the Alumnae Office, for the fine Winter issue of the NEWS. They did an excellent job and we shall look forward to seeing them in May.

Our hearts are saddened by news of the sudden death of *Elizabeth Russell* Powers, January 30, 1966. She attended our 50th reunion in May and looked so well.

A new address for *Theresa Lynch* has just been received from the Alumnae Office and is as follows: 800 S. Washington Street, Winchester, Va. 22601.

Remember, we meet the last week of May, so make your plans for Homecoming now. I shall be expecting you.

I have written to each member of the class whose address I have about our 50th Reunion. We hope for an interesting get-together. If you cannot attend be sure to write me the highlights of your life since leaving our Alma Mater. If you did not hear from me, please write whether you will be present and send me your address.

Does anyone know the address of the following—*Matlie May Atkinson* '18, *Marjorie Hallemen* Dukes, *Thelma Estelle* Robertson, *Minnie Lutrell* Travis, *Laura Wright* Street, *Lucy Lipscomb* Duval, *Genevieve Jenkins* Talbott? If you have any information on these, please write me.

Sara Bruce Gordon lives in Danville. She taught school several years after graduating, then studied nursing and followed that career until 1930, when she married John A. Gordon. Due to her husband's health she will not be able to be with you this spring.

Thanks to one and all and best wishes for a happy reunion.

Classmates of '17, begin now planning to come to MWC the last of May. You remember in '62 we decided to return each year for Homecoming. Be on hand so we can make big plans for '67, our 50th reunion.

I retired as postmaster the 30th of September. My patrons gave me a wonderful reception—one I will never forget.

Please send in some news about yourself.

Girls, let's remember our contributions to the Alumnae Fund.

Love,

Imogen

Attention, classmates!

Let's be girls again, and attend Homecoming this year.

Those of you that have been back for this glorious occasion know how much fun it is and the ones that have not experienced this, come and find out for yourselves.

Would love to hear from you.

My, it has been a long time, but some of us old "gals" are still around.

However, I was distressed to hear of the death of *Effie Broaddus* in November. She was married to Dr. A. L. Masters of Norfolk. We shall always remember Effie for her outstanding work in basketball.

I also have news of two other outstanding basketball players of the 1922 class. *Rose Ulman* is Mrs. Ernest Abrams of Hopewell. She is interested in Civic affairs and ran for the City Council in 1964. You remember *Mary Todd* of Hampton. She is now Mrs. Clark and has been teaching for forty years. She plans to retire as of this year. Mary has one son, Dr. E. Todd Clark, a dentist.

I have retired, and it's wonderful! My son, William Hammond, is working in New York City. He graduated from Carnegie Tech in Pittsburgh several years ago.

Come on girls, let me have the news.

It is time to be thinking about Homecoming and I do hope many of you are planning to be there this year. It is always good to see you and to receive news from you.

Mary Ann Ratner Levy has 3 children, one at Lehigh U, one a sophomore in h.s. and a fifth-grader. Her husband represents a South Carolina firm in New York while she keeps the home going.

Olie Hope was at Homecoming last year. She teaches in an elementary school in Ashland.

Lois Henry sent a splendid picture of herself and wrote that she was in "fine fettle." She teaches in Jacksonville, Fla.

Margaret Dickinson Garnett is president of the Virginia Federation of Home Demonstration Clubs. She has a sixteen-year-old son and they live near Fredericksburg.

Elizabeth Abbitt Kales, York, Pa., has a daughter at Mary Washington. She was at Homecoming, also.

Isabelle Walker Spence and her husband are enjoying their retirement in the mountains of North Carolina. Her son, an architect in Houston, was married last summer.

Lula Lewellyn House wrote that her husband had retired from NASA this past year. One of their twin daughters is married and living in New York and the other is working on a Master's degree at the U. of Delaware.

Josephine Griffith Kleiner is still working with the Cuban refugees in Miami. Her son, now out of service, is in college in California and her daughter attends college in Miami. Jo and Murray spend their summers in Maryland.

Marion Ells Sharp and her husband had a wonderful trip around the world, via jet, last summer. They spent a week with their eldest son and his wife who are with the Peace Corps in the Philippines. Their other 3 sons are in college.

Bernice Spicer Thoma, head librarian at Falls Church HS, is one of our busiest alumnae. Last year she served as President of the Northern Virginia Library Assoc. This year she planned to rest, but on October 29 was elected at the VEA Conference, Secretary of the School Librarians section of VEA. She is also the editor of *Trademark* which is the professional publication for Fairfax County Librarians. She has been Treasurer of the Northern Virginia Chapter of MWC Alumnae for the past four years.

At this stage of the game, our children make the news. My son graduated from high school last June and then went to Germany for a two-months' study-travel program with a group from Randolph-Macon. While there he traveled in eleven countries. This year he

is attending his father's law school alma mater, Cumberland College in Lebanon, Tenn.

Please send me more news for this column in the ALUMNAE NEWS.

Since the last issue I have been trying to check some of the many missing names from the class of '43 for the Alumnae file. Can you help? There are many who were pictured in our Senior Class in the annual that we do not have.

I am happy to say we have recently received information from *Marian Hazelwood*

James and *Bernice Garrigus Abrahamson*, but the Bulletin was returned from *Elizabeth Pitzer* Rhodes. Can anyone locate her for us? I also had a wonderful note from *Jo Holding* Ricks at Christmas. She is in Mt. Olive, NC (not far from me) as registrar for Mt. Olive College. She is interested in getting together with MWC girls in this area. How about it?

I hope soon to send the Chapter presidents a list of 43'rs in their area. If there is a chapter (see *News*) in your area, do join!

There are still some familiar names among the faculty—Drs. Alvey, Eileen K. Dodd, Insley, Lindsey, Peirce, Graves and Anna Scott Hoyer, and Mr. Levin Houston, Mrs. Mildred Bolling and Mrs. Catesby Willis Stewart. I thought you might be interested.

Make your plans now to attend Homecoming this year. It is May 27, 28 and 29.

Let us hear from you!

We all hate to mention age, but I am sure you all realize that we will be celebrating our 20th class reunion at Homecoming this year. Please make every effort to attend. The date is the week-end of May 28.

Delma G. George, Major, QMC (WAC), is stationed at Fort Lee. She left MWC after our freshman year and went into the Women's Army Corps. She was medically discharged in October 1945 and returned to MWC in the summer of 1946, graduating in 1949. Following graduation she went to OCS and was commissioned in April 1950.

Kathie Reynolds Stark is quite the golfer. She is the third lady golfer to sink a "hole-in-one" at the Wytheville Golf Club. Kathie and her husband enjoyed a European tour last summer.

Shelley Earhart Leraux writes that their 1728 house is almost (re)finished and she would welcome anyone from the class of '46 whenever in Philadelphia (Dove Lake House, Gladwyne).

Sympathy is extended to *Sallie Scott* who lost her father on February 12.

Mary Alice Janes Fisher's daughter, Juanita, is attending MWC this school year. I believe Mary Alice is the first one from the class of '46 to have a daughter at MWC. Please correct me if I'm wrong.

Elizabeth Stallings Sharpe sent a letter with her Christmas card from their post in Japan. She and her family will be transferred to Tinker AFB in Oklahoma City in May. She had hoped that their assignment would be on the east coast so that she could attend the 20th reunion.

N. Celeste Jones had a delightful European tour this past summer, and she feels it will better enable her to perform her duties as an elementary principal in Richmond. Elaine Jourd Collins and her family are now stationed at the Marine Corps Air Station, Cherry Point, NC.

It's good to have news of Ruby York, who is now Mrs. Standau E. Weinbrecht and lives in McLean. The last time I heard of her, I believe, was from Mary Garland Holland Coolidge who had seen her in Chicago. Ruby is Managing Editor for the Marketing Information Guide. Her name is listed in *Who's Who of American Women*, 1964-65, and in *Who's Who in the South and Southwest*!

Mabel "Mabs" Royar Loflin has a 2nd daughter, 4th child, born last Sept. She is president of the Women's Auxiliary of the WVA State Dental Society.

Marian Messersmith Snider and her family have moved to a new home southeast of Columbus, Ohio. (Please send new address, Marian). She is busy taking courses to renew her teaching certificate.

Where is Elizabeth Bullis White? The Post Office returned my Christmas card.

Mae Coldren Moyer writes that they are all well and happy. Her Kimberly Anne and mine are both 6 and in school now. She visited with Elizabeth Bane Tate '47 in Marion last summer. "Betty" is teaching in the elementary school there.

It was fun to hear from Martha Warriner Dodson, Ruth Sargent Campbell Lillian Lauer Marshall, Miriam "Whickey" Whitely Knight, Marianne King Frazier, Muriel Harmon Lake, and Emily Lynch Fairchild. Please write more news to me.

Remember to give to the Alumnae Fund!

It was good to hear from many of you at Christmas and we've added a few more pictures to our scrapbook. Please keep them and the news coming—you've been wonderful.

Gerry Boswell Griffin sent a lovely picture of her two offspring. Her son was born on Easter Sunday, 1965—her reason for missing our reunion. She and Dave also have a daughter 4. They're living in Arlington.

A note from Alyce Deens tells us that she is a detail draftsman and artist in Ft. Washington, Pa. and she enjoys her work very much. She has traveled a great deal since leaving MWC—Europe, Mexico, Jamaica and surrounding islands, Canada, and the US.

Also quite the traveler is Mary Nemchick Rappleyea who lives in Manchester, Conn. and teaches. She has been traveling through a few of the Bahama Islands at a time—Bimini, Andros, and Eleuthera so far. Mary says she hears from Nancy Chapman Moreland who is in Miami, Fla.

Audrey Miller Heath is in Lakeland, Fla. Her husband, Gordon, is a pediatrician. They have two boys, 7 and 2, and a daughter 8. Audrey goes to medical conventions with her husband and is active in the Jr. League.

I hear that Ann Wilson Payne is in Lake City, Fla. Her husband, Philip, is also a Dr. They have 5 children—two sets of twins in the group! Catharine Keely Anagnost is in River Vale, NJ. Husband Jim is a sales representative for Shulton Co. and they have 3 boys and a girl.

Now of Bethesda, Md., Billie Mitchell Hanes is a busy housewife and also helps Dick in his broker-building operations. They have 2 girls and a boy.

Ann Montgomery Hogg and Charles are in Powhatan with their daughter 11 and son 6. Also in Powhatan is Helen Chiles Mason whose husband, Leslie, is an attorney. They have three girls—6, 5, and 1 and a boy 3.

Active in church work, Ruth Weaver Regenold lives in Elizabethton, Tenn. John is head of the laboratory dept. at the Carter County Mem. Hosp. They have 4 children.

Bette Hove Mosely is the mother of 2 girls—13 and 10 and a son 3. She and Maurice live in Newberry, S. Carolina.

"Darien, Conn. is a lovely town and not at all as wild as the newspapers and magazines portray," says Janey Gardner Mallory. She and Bill have been living there for over 8 years and like the community. Bill is general manager for Litton Leasing Corp. and they have a boy 8 and a girl 5.

Betty Miles Kehoe is married to a sport shop owner and they travel from Silver Spring, Md., to NYC each year to attend the Sporting Goods Fair. They have 2 girls and a boy.

Charlotte Delano Hundley's spare time is taken up with voice lessons and the planning and presenting of musical programs for civic and church organizations. She is living in Heathsville where her husband is a Veterinarian. They have 2 daughters, 14 and 11.

Active in the local Alumnae Chapter, PTA and church, Jane Frazier Sneed lives in Fredericksburg. Emmett is a dairy farmer. They have 2 boys, 14 and 2 and 2 girls, 12 and 8.

Beth Dawideit Gravatt and Garland are still in Milford and have 3 boys and a girl.

Helen Hopkins Mizell and Mix were sorry to have missed the reunion. They were in Jamaica. It was a delightful trip and they especially enjoyed the tropical foliage. Their son is now 4.

That's all for now. See you next issue.

This will reach you around the end of April, about one month from our 15th reunion. As I said before, I have planned nothing, but if you have any ideas let me know and we will act on them. I hope a large group of you can be present. As yet I do not know if I will be there. We are hoping that Bill will have completed his PhD degree by then.

I have just re-read the fall issue of ALUMNAE NEWS and noted with interest that Betty Zipf '50 was one of the "Outstanding Young Women of America." Those of you who think "way back" will remember that Betty started out in our class, but accelerated her work and graduated ahead of us.

Had a note from Anne Zirpel Josefy reporting the birth of another daughter, thus giving her 5 children. John was promoted to Assistant Superintendent of Texaco's Midland District. They hope to stay in Midland for a long time and so have moved to a new 4-bedroom house.

HOMECOMING

A time to look in two directions: back to our own student days at MWC, and ahead to the future of our college and the part that we, as Alumnae, can have in it.

HOMECOMING 1966

Offering a fresh, new approach to the old pleasures of reunion. This year for the first time **HUSBANDS** are cordially invited to escort you and spend the week end with you in a dormitory on

campus. Special events are on the agenda for the men, including a friendly golf tournament Saturday morning (he'll need his own clubs), a bridge tournament and tours of the campus and historic Fredericksburg.

ALUMNAE COLLEGE

A look in several directions. Dr. Edward A. Alvey, Jr. (who plans to retire as dean next year) will give us a "State of the College Address," and visiting Indian professor Dr. Eva Shipstone, a graduate of Radcliffe College and president of Isabelle Thoburn Woman's College in Lucknow, India, who is spending the semester teaching psychology at Mary Washington, will draw some insights on woman's niche in the 20th Century—in India, the only major nation in the world with a feminine leader, and in the "world's most enlightened nation," the United States.

COMING ALONE?

That's fine, too. You may ask to room with a special friend, and you will certainly be welcome at the Saturday night party. Remember, this year marks the **GOLDEN ANNIVERSARY** for the Class of 1916, and special reunions for the classes of 1921, 1926, 1931, 1936, 1941, 1946, 1951, 1956, 1961, 1963. It should be a special Homecoming for all.

You'll be the College's guests for both meals and dormitory accommodations. There will be a charge for the party. Just complete the registration card below and mail it **before the May 13 deadline**.

ANOTHER BRIGHT TOUCH

The Alumnae Party Saturday night downtown at the Princess Ann Inn. There will be music and dancing and cocktails or not, as you wish. You can buy the special tickets for the party when you register at Spotswood.

VOTING PROCEDURE FOR THE 1966 ELECTION

In June 1966 five of the 15 elected members of the Board of Directors of the Alumnae Association of Mary Washington College will retire from the Board, their three-year terms having expired. They cannot succeed themselves. The retiring members and the groups they represent are:

Betty Cox Beale '47.....	Zone 1
Gwendolyn Amory Cumming '52.....	Zone 1
Peggy Joe Ellis '53.....	Zone 3
Belva Dunn Jones '44.....	Classes 1939-50
Peggy Kelley Reinburg '58.....	Classes 1957-65

As each class graduates, the Alumnae Association happily welcomes several hundred new members. So that proportionate representation by class and geographical location will be maintained as consistently as possible, the Nomination-Election Committee studies the representation at regular intervals and makes recommendations to the Board of Directors. At their May 1965 meeting the Board of Directors adopted the following class representation:

CLASS REPRESENTATION

10 Directors

Classes 1913-1931.....	1	Classes 1950-1957.....	2
1932-1941.....	1	1958-1962.....	2
1942-1949.....	2	1963-1965.....	2

The total number of Directors on the Board remains the same. No change was made in area representation:

AREA REPRESENTATION

5 Directors

ZONE 1 (Virginia).....	2
ZONE 2 (D.C.; Md; Del; NC; SC; Tenn; Ala; Ga; Fla.).....	1
ZONE 3 (Me; Vt; NH; Mass; RI; Conn; NY; NJ; Pa; WV.).....	1
ZONE 4 (All others, including foreign).....	1

The two Directors representing Zone 1 are completing 3-year terms which creates two vacancies in Zone 1. Listed on the ballot on the next page are the names of four candidates for these two vacancies. In order that their terms may be staggered in the future, the candidate receiving the highest number of votes will serve a 3-year term and the candidate receiving the next highest number of votes will serve a 2-year term. Be sure to vote for **two** candidates in Zone 1. Vote for **one** candidate in each of the other contests.

Also on the ballot are the names of two candidates to replace the retiring member of the Nomination-Election Committee, Ethel R. Chrisman '48. The Nomination-Election Committee prepares slates of nominees to the Board of Directors and supervises the details of elections according to provisions of the bylaws. The three members elect the committee chairman each year. The other members of the Committee are Sarah Herring Estes '51, whose term will expire June 1967, and Nan Taylor Stockman '50, whose term will expire June 1968.

Voting in this election shall be by mail only. **ALL BALLOTS MUST BE POST-MARKED NO LATER THAN MIDNIGHT, FRIDAY, MAY 13, 1966.**

Alice "Al" Ponte Woodruff '50 has moved from Ft. Lauderdale to Sarasota, Fla. Another Floridian, June Weledniger Lacks '52 sent me a picture of her 4 girls and listed her address as North Palm Beach.

As I said before, we are a nation on the move. Other girls who have moved are Barbara Baute Dowd from Detroit to Lynnfield, Mass; Betty "Wildes" Bean McCormick from Sunnyvale to Saratoga, Calif., and Jackie Walker Wiatt from Raleigh, NC to Dillwyn, Va.

More and more of our girls are moving to Calif. The latest of these is Jackie Atwood Dewey and minister husband Dick, who accepted a call to Village Church Westwood in Los Angeles. They sent a long mimeographed letter of their activities which I shall have available at our reunion. I shall bring or send along other letters, too.

Congratulations to those of you who sent contributions to the Alumnae Fund and especially to Joanne Hamilton Granzow and Marguerite S. Walsh who gave over \$25.

Dorothy "Dot" Belden Wood writes from Alabama that Bill is still procurement coordinator at Gulf States Paper Corp. Her two children are 9 and 6½ now. Had Christmas greetings from Ann Penney Ross.

Judy Campbell Kern writes from Strasburg that she and Jake took the 4 children to the World's Fair last summer. Judy wrote that she had heard of the death of Mary Ann Lutz Williamson's mother. Mary Ann was class of 1950.

Dorothy Culpepper Wingfield writes from Germany that she has moved to Frankfort. She said her two girls love the zoo and the trolley cars. Dot had been to see "Madam Butterfly" sung in German and was reminiscing about when we saw it in our freshman year at MWC. How many of you remember that?

Barbara "Bobbie" Kelley and her roommate Margaret are snowed under with work, due to the new Medicare and changes in Social Security laws.

I did not get my annual letter out this year, so this will serve as greetings to all of you from the Hills. Let me hear from you about our 15th reunion.

Now that Spring has arrived and the flowers are in bloom, may I ask you to "spring" to your pen 'n pencil and write us a "flowering" note! We are "blooming" dis-

appointed that no one has had anything "special" happen to them since our last issue went to press! We are certain that "someone" has had a "new arrival" or a husband was promoted through hard work and having you in the background! We will be almost as delighted as you were to hear such news. Make it a point to sit down today (forget the dusting!), and get a little note off to us.

News about former teachers: Miss Caroline Browne (History Dept.) is Mrs. Konstantine Furness, lives in Arlington, and has 2 children, Mary Katherine 5 and Charles 3. They are a delight to her and are most attractive children. Miss Yvette Fallandy is now at Sonoma State College, California. She taught 4 years at Mills College and is now setting-up the French Dept. at the new Sonoma State College . . . and keeping active in student and community activities. A lecture she presented on Teilhard de Chardin was published in the St. Louis Review and she has appeared on a TV panel discussion on "Woman and the Church." Miss Fallandy wrote that Adrienne Galante Gillespie '58 and her husband Gerald have returned East, where he is teaching at Harpur's College (NY). Gerald had taught at U. of Southern California for three years. Also, Mary Stump '59 is working on her MA at Catholic University, Washington, DC. Millie Russell Jensen '54 writes that she is now living in Oregon. Keith is on the staff of the U. of Oregon as Placement Director of Social Services. Millie has four sons, Mike, David, Chris and Dan, and she is a perfect example of a model mother. Millie looks tremendous! How do you do it, with 4 sons?

I met Michelle "Mickey" Foley McDaniel '56 and her family in NY last summer—while Tim was on a business trip from Scottsdale, Arizona. Mickey has 3 sons, Mike, Pat and Kevin. Our get-together was most enjoyable. She has a fine family and Tim is an executive with the Cancer Society of Arizona.

Charlene Parrotta Dahl '56 is married to an Account Executive at CBS, NY. She and Norman live in Yonkers with their son, Norman III. Charlene worked in Market Research at J. Walter Thompson, NY before her son's arrival. Kathleen "Kitty" Johnson Griesemer '53 and Tom are living in Long Island, NY and were expecting their 4th child at Christmas. They have Lisa, Heidi and Jodi. Gretchen Hogaboom Fisher '55 writes to say they are living in a lovely new home in Jacksonville, NC. "Skip" is stationed at Camp LeJeune. They have 5 children (2 girls and 3 boys) and a new dog, "Ringo." I might add that "Skip" and Gretchen have a handsome and delightful family. Gretchen

was able to see *Barbi Harralson* Jesser '55 on TV in January. I agree, Barbi, you looked tremendous! Hope others were able to catch Barbi on her TV appearance—quiz program. *Consuelo "Connie" de Choudens* Langan '55 lives in Brewster, NY. She and John have a very pretty daughter Kathy, age 4.

Hope you all have a very pleasant day and that you will drop us a note—everyone is interested in you, your "doings" and your family. Let's keep the postman busy! Looking forward to your note.

Joan E.

Many thanks to those of you who remembered to send news along with your Christmas cards, from whence most of the following word comes.

Joan Morgan married Stewart H. Bolton last April. After touring Europe last summer they took an apartment in Madrid, Spain where they are both attending the University. They return to the States in June, 1966. Our hearty congratulations, Joan! Bob and *Beverly Plotkin* Chudy have moved to Trumbull, Conn.

A long letter from *Joan Tengzelius* Strong brings us this news: She and John are in East Hampton, NY with their 4 children, ranging in age from 2 to 8 years. John is a land real estate broker, and Joan says Suffolk County is booming. They took a week's vacation at Dorado Beach, Puerto Rico, and were planning a two-week Caribbean cruise this past February. She lives in NJ.

Connie Hook Felvey sent lots of news: She and Jones have moved to a new "old" house in Dallas, Texas, and did some remodeling. Fun! Chancellor Simpson bestowed quite an honor on "our Connie" when he wrote and asked her to represent MWC at last fall's inauguration of the new Chancellor at Texas Christian University. It was a most pleasant experience for her, and had been a long time since she had been in academic gown. She said the academic costumes were fascinating, the delegates interesting, and the new Chancellor's speech, terrific! Thank you, Dr. Simpson, for asking Connie to be a delegate! We're mighty proud! The Felvey's were in Richmond in June, 1965, and while

in Va. visited with Buddy and *Beth Poteet* Pollard in Petersburg in their new "old" house, and saw their new son, John.

Wayne and *Peg Ferrer* Geisler are enjoying Roanoke. They greeted their 2nd child, a girl, this past December. They have bought another Collie, which they plan to show. Peg had a long letter from *Beverly Lawrence* last spring, who was touring Eastern Europe and Russia at the time.

Dick and *Pat Clark* Kroecke did quite a bit of traveling last year; spring skiing at Aspen, and a fall tour of Europe with her parents. They visited France, Portugal, Italy and Switzerland. After 10 days in Spain, they just didn't want to leave; but they are back home now in Los Altos Hills, Calif.

Jean Pinckney was in California for a week last summer and was planning another trip this past Christmas to Tucson, Ariz. to visit a very good friend.

Perry and *Nancy Hanna* Stone will be in New Mexico 'til March, then . . . ? Perry was just made Lt. Commander. Congratulations!

Also, Jim was just promoted to Major in the Marine Corps. "Dee" wrote that *Margie Schauer* is living in Georgetown with 5 other roomies. Frank and *Joaquine Ireland* Jackson had their 3rd child, a girl, last June. They are in a new home in Harrisburg. And Judi's big news: She and David had their 1st child, a girl, on January 24th! (Which date, by the way, is exactly the same one on which our daughter, Jennifer, now 1, was born.) Judi also heard from *Sabra Wood* Lindsay and *Charlotte Corner* Salsgiver.

Congratulations to Merle and *Barbara Clark* Fowler on their first-born, a boy who arrived on December 26th in Riverside, Calif.

Julie Smith Cooke and Bob are awaiting the arrival of their 2nd child about April in Mill Valley, Calif. Julie sends word that

Carolyn Miller Schrader and hubby plus two children are in Leawood, Kansas; he's with Procter and Gamble there.

RESERVE THESE DATES: May 27, 28 and 29! Our *tenth* reunion at Homecoming is scheduled then, coinciding with graduation week-end at MWC. Something nice—our husbands and children will be invited also, and special events are being planned for them. A letter will arrive in May giving more details, but, please, mark your calendars now, so that those dates will be clear, and we can all get together and celebrate (?) our 10th!

A couple more items: *Louise Wilkes Robertson* graduated from the Medical School of MCV in 1960. She is now on the faculty at the Medical College as an instructor in Pediatric Cardiology. *Carolyn Martin* Owen and Roy are now living in Nokesville where he has accepted a position with the Manassas Department of Public Health.

In the Fall Issue mention was made of 6 MWC graduates who had been selected for inclusion in the 1965 edition of *Outstanding Young Women of America*; we are pleased to have our class represented by *Mary Gale Buchanan Hockenbury*, who was also selected as a result of her civic and community services in the Camp Hill, Pa. area. Hello, again!

I thought I was going to be "scarce on news" this time, but it turns out I have lots to say, so here goes.

Judith Davidson Creasy and husband and year-old Michelle left for Paris in March. Dr. Creasy will do research in the field of fetal endocrinology. Maxine Foster Hill lives in Pensacola where her husband is a flight instructor. They have two children, a boy and a girl. Maxine was the first one to win the MWC Darden Medal. Deanna Merrill Albright writes from Cincinnati that her husband is with General Electric, Jet Propulsion Div. They have one son. Pat Ankers Pyeatt sends word that Anne Thompson Miller is moving to Seattle. Anne's husband is with Northwest Orient Airlines, and they have fallen in love with the Pacific Northwest. It looks as though we have quite a growing west coast contingent!

Louisa Kerr Kennedy and husband Roy have recently bought a home in Rockville, Md. near DC. Roy is vice president of a Rockville bank. They have two girls, Kimberly and Corrine. I heard from Bobbie Garverick Olsen. She and her husband will be unable to make Homecoming due to a much anticipated trip to Europe.

Much to my delight, two or three doors down the street from our house lives an old friend, our class sponsor, Miss Droste. She is on leave of absence this semester, studying at Women's College, U.N.C. in Greensboro, NC. As for me, as you read this, I will be approaching my Finals and that long awaited re-classification from "drop-out" to "college graduate."

I had a long and wonderful talk with Syd Collson Chichester on the phone. She and John live here in F'burg where Syd teaches elementary school and is now looking toward her Master's. Syd had word of Lynn Murphy Mailloux who, if I got it straight, is now living in Levitown, Bowie, Md. with her lawyer husband, two sons and a German shepherd. Travers "Travy" Moncure Evans and husband Chic are in Manhattan where they are doing magnificently well. Travy did a recent Noxema ad and others that have had wide use. I'm really much in awe of Travy and others in their careers.

I am hoping to set up an address exchange for our class. Then any of you who want to catch up with an old friend or a long-lost roommate will be able to locate her. I'll need help, tho', to make sure all the addresses I have are current and to find some classmates who seem to have disappeared. The names on the "Lost" list this time are: Martha Lynn Johnson Kirchmier, Sue Taylor, Dianne Hays and Carolyn Caruso Hunsicker. Does anyone have any news from them? Do you have news of anyone that hasn't been mentioned in our column for some time? Is there anyone you'd like to hear about? Just write your friendly class agent!

Well, by now you know the plans for home-coming. Didn't I tell you things were going to be different this year? From what I hear (I admit it—I was eavesdropping) Homecoming will really be exciting. All it needs now is you. Husbands will be able to

stay with you in the dorms. If you want to bring the children some of the local hotels have family rates available, i.e. children under 12 free. Since it's a holiday week-end, do try to come. There are so many things to catch up on: Russell, the fantastic new dorm; Dr. Quenzel's beautiful expanded library; and the new rules and regulations for the girls! Will we see you at Homecoming? Oh, I do hope so!

'Till next issue,

Nancy "Penny" Mohl says, "Since I am unable to continue writing Alumnae news, this is my last letter of news."

Nancy Moncure Myers and Hammond have just had a son. They already had a daughter. Nancy writes that they had visited with Betty Bruce Shepard and her family who now have a son born in October.

Joyce Neill Krost wrote of the birth of their 3rd child. After two fine boys she now has a daughter. Joyce and Jim have just moved into a new home. Cary Tilton Stoeber and her husband Henry have moved to Fort Sill, Okla. They are expecting a baby in April.

A Christmas card from Charlean Jackson informed me that "Tex" has moved to Houston now. Rose Bennett Gilbert wrote from Bethlehem, Pa. where Robert is attending graduate school. She is working on the local newspaper and is enjoying covering a variety of stories.

As for myself, my husband Ray takes his oral comprehensive exams in April. We will stay in Bronxville next year while he finishes his thesis and then we will be off for some

university or college where he will teach. My daughter is typing on her own news letter on a toy typewriter and we are chin deep in typewriter ribbon, so I'd better perform a rescue operation.

Hi!

There isn't a lot of news this time, and I'm afraid some of what I have is rather old.

I visited Betsey Hueston Hansen, Carl and baby at Ft. Campbell this fall. It was great to see my ex "roomie" again and talk over old times. Carl is busy with the troops, and Betsey divides her time between her home and attending classes at a nearby college. Kathleen Byorum Crane and her 3 children left for Okinawa last week to join Ken. They will live there for about 2 years. Carolyn Maude White spent this summer in Paris studying French. She should be back in NY by now working for the UN. Margaret "Peggy" Howard Hodgkins wrote that she, David and their 2 boys are busy working and having fun together. Their big (17 room) house has been handy housing family and friends up for a vacation in Maine.

Patricia Howard has been teaching for two years at Bellamine College in Louisville after receiving her Master's degree and she travels whenever possible. Elaine Smith Koenig is now living in Williamsport, Pa. with her husband and two children. She would love hearing from any MWC alumnae in that area. She writes that Susan Dorn was married over a year ago to Jim Dover, and they are now living in Mercer Island, Wash. He is working on his PhD, and Sue is teaching. She also wrote that she saw Elizabeth "Marcy" Trembath Pitkin last summer. She and her husband are living outside Philadelphia. Marcy received her Master's degree in Sociology this past June. Thanks for all the news, Elaine.

"Sue" Ayres received her MSW from Catholic University in June, and she is currently working as a social worker at the Montgomery County Welfare Board in Rockville, Md. Diane "Dee" Doran Cairns and Doug had a nice visit with Sylvia Barden Heiner and Phil while vacationing in Atlanta where the Heiners now live. Barbara Anderson Lehto says that Mike came home from Okinawa in May and they moved to Camp LeJeune. They stayed with Bunny Rogallo Samuels while house hunting. She saw Kathryn "Kay" Nock Wolk and Ann Bodie Sweeney on the base.

Nancy Kelley Bliss is now living in Dallas, Texas, with Rick and their 2 children. Rick

is a sales representative for International Silver Co. *Nancy "Pepper" Jacobs* Germer gave birth to a daughter in Nov. She and her husband are still in Houston, Texas, where her husband is working on his PhD in Biophysics. *Victoria Biggers* Hinshaw is now living in Milwaukee, Wisc., and *Joyce Sweet Longest* is living in Richmond.

Now for some of the news that has grown whiskers. At last report, *Agnes Fleagle* was teaching in Hampton. *Gail Rilling* Stockton and John are now living in San Francisco. She wrote that *Anne Hennessy* Via, Charles and their 2 children were living in Arlington. "*Judie*" *Finn* Wiezbicki is in Texas with her husband Conrad and little girl. *June Laurine Hayden* wrote some time ago saying that she was living near London where she was working in a hospital as a physiotherapist. She has seen much of Europe during her stay there. *Madeline Contis* Marken says that their great new summer house is finished on Cape Cod and they have enjoyed many weekends there. She heard from *Cathy Ledner* Kuttner who had her 2nd child last winter. *Marion Murtless* Phillips has a baby girl and is living in Waynesboro. *Jeannie Jones* (?) expected her 2nd child last spring. Maddy also says that *Carol Turner* Daniels was living in Winston-Salem, NC. Lad works for R. J. Reynolds Tobacco Co., and Carol is enjoying her job as probation officer.

Rebecca Paris Spetz had her 2nd child, a boy, last spring. *Barbara "Babs" Buse* Johnson and husband John are living in Bladensburg, Md.

I'm sorry that there has been such a delay in getting some of this news to you. I guess I'll just have to plead over-work and let it go at that. All of us working for the Social Security administration long for the day we can work 8 hours and call it quits. I even dream about Medicare at nights. I talked with *Connie Booth* Logothetis on the telephone the other night about the upcoming reunion. Five years have gone by. In looking through the address files, I find that we certainly are a far-flung class. We hope that as many of you as possible will be able to make it this year. No one wants to go if she thinks her friends won't be there. So let's all try to make it. Then no one can say she didn't go because her friends didn't go. More about this at a later date.

Hi Gals!

Lots of news to report this time from newsy Christmas cards from so many of you. Thanks so much.

First of all, the baby department: *Clara Sue Durden* Ashley had her 1st, a boy, Nov. 9; *Jane Toye* Laurson had her 2nd girl Nov. 19; *Charlotte Howard Austin* and Hank adopted a 7-month old Newfoundland boy

on Sept. 27; *Diane "Dee" Doran* Cairns, her 2nd child, 1st boy, in Oct.; *Charlotta Crogan* Clark her 1st girl on June 23; *Nancy Edmunds* Morris her 1st, a girl, in Nov.; *Athenasia "Georgie" Georgeou* Rahnias her 1st, a girl; *Margaret "Margo" Pierce* Metzler her 2nd boy; *Lillian "Lilly" McNeerney* Arce her 2nd boy, Sept. 3. Two expected babies that I know of—"Pat" *Hurley* Pickeral, her 1st, this spring; and "*Bitsy*" *Wright* Coxe, her 2nd in April.

Some old news first—*Sue Olinger* Shaw and her husband are apparently living in Greece and had planned a get-together with Dr. and Mrs. Croushore in July last. Don't know just what they're up to there, but I do envy them! *Lilly McNeerney* Arce and husband Michael are living in Madison Heights, Mich. in their Cape Cod home. He's head of a junior high school math dept. and she's having babies. *Sandra Judkins* Armitage and Bob went to Oklahoma in August with their two girls to visit her parents—she's busy but very happy. *Charlotte Howard* and Hank Austin seem to be getting used to cold weather and life in Newfoundland—living in the spacious ex-C.O.'s house at the Naval Station probably helps! They welcome any classmates who happen to get up their way.

Sarah Leigh Kinberg says they had an uneventful year but she really enjoys being back in Norfolk while Tom is on a 4-months Navy cruise in the Med., Red Sea, etc. She says *Pat Hurley* Pickeral '60 and husband have just bought a house in McLean. *Nancy Driskill* Warren and Jack have bought a wonderful 4-bedroom house in Chattanooga. *Margaret Pierce* Metzler's husband is now in P.G. School in Monterey, Calif. Also in Calif. still are "*Pat*" *Pollock* and Ed McFarland. They came east last summer for her sister's wedding (MWC'63). Pat and Ed and two children are busy and love Costa Mesa.

Eleanor Knight is still enjoying her job at Union Carbide in Charleston, W. Va. She vacationed in Okla., Mo., Kansas, etc., went on a business trip to Purdue U. in June, and visited former roomie, *Judith Bressler*, in Bethesda, Md., over Thanksgiving. Judith was in Waynesboro this fall and happened to see *Judy Lewis* as she was leaving on her honeymoon — best wishes, Judy! *Pamela "Pam" Ristori* Correll and Bob bought a lovely dream home in Ann Arbor where Bob has a position with Conduction Corp. and will get his MS in Engineering from the U. of Mich. Pam taught for a term but decided it was too much with two little ones of her own—and I don't blame her! *Jean Ryan* Farrell and Frank will be going back to Vicenza from Verona, Italy, where they'll be for about one more year. Her parents visited them there. Jean is still teaching high school drop-outs and substituting at her son's nursery school. Her brother Bill graduated as the outstanding cadet of his class at VMI in '65! *Clara Sue Durden* Ashley and Clarence are spending Feb. and March at Cape Kennedy where his job takes him periodically. "*Janie*" *Riles* Wamsley is back in Suriname (S.A.) as of January after a two-

month's visit with her family in Missouri. She and Bill are planning a trip to Europe in April—after that they aren't sure of their plans. They had a gala time in the fall when the Queen of the Netherlands visited Suriname, along with other dignitaries.

Candace Parker Chumney sent lots of news of classmates in Texas . . . she married Patrick, an architect, in San Antonio in May of '63 and they have one girl born Dec., 1964. They also bought a house at 218 Wiltshire, San Antonio, Texas 78209. *Lynne Williams* is working in Houston and visits her parents in San A. often. *Agnes "Aggie" Welsh* Eyster lives in San A. with husband, Dick, and two children. *Jill Cusack* Robbins lived there with her 2 girls while husband Buzz was in Viet Nam, but now they are stationed in Ky. *Renee Skinner* Wheeler was there last April with husband Skip. *Sue Ellen Peacock* Hains is back in San A. with husband John. He is teaching at Peacock Military Academy and they enjoy Texas winters a lot better than those in Peekskill, NY. They have a daughter 4. Candes saw *Lynda Foster* Moore this spring while she was there visiting her sister. The Moores are in Georgia now. *Beverley Barkley* Weaver and Frank are in Hopewell and have one boy, 2. Candes would love to hear from *Nancy "Pepper" Jacobs* Germer whenever Pepper leaves Houston to go look at the Alamo! Thanks so much for the card.

NEWS OF OTHER CLASSES:

1960—*Anne Lurton Ott* Scott and astronaut husband David get to San Antonio once in a while. They have two children.

1963—*Barbara "Linkey" Booth* Wilhelm is expecting her first child in early April. She is living with her parents at Gibson Island, Md., while Frank is serving in Viet Nam.

Barbara Bold is married and is teaching in the same school that *Pam Ristori* Correll '61, taught for a semester in Ann Arbor, Mich.

1964—*Marilou Pollock* married her Lt. Lundberg last summer and they live near her sister Pat ('61) in California.

Teaching is really keeping me busy, but I think I like it. Andy and I have done quite a bit of skiing this winter and are very happy with life here in Delaware. Would love to see any of you who go by this area. We visited *Jane Toye* and Ivo Laurson in Bennington, Vt. and also had a lovely visit with Mike and *Bitsy (Wright)* Coxe in their home in Phoenix, Md. during the Christmas holidays. Don't forget our big 5th reunion is this May, so make your plans now for a good time.

Dear '64 Classmates,

At last—organization on the part of your agent, and another news column!

News of several months past:

Alice Andrews Jepson and husband were planning to live at Redstone Arsenal in Huntsville, Ala., until the fall of '67, when they hope to return to Richmond.

Janet Bagg wrote of her very interesting job with an educational company in Greenwich, Conn. She is one of 30 counselors who travel the U.S. teaching a developmental reading program at different prep schools and colleges. Janet wrote also of seeing *Susan Armistead*, who had just moved back home to Conn. At that time, Janet wrote, a handsome Greek had been monopolizing Susan's thoughts. On her way through Alexandria, Janet also saw "*Pam*" *Dickson*, who led the MWC tour of Europe for her the summer after graduation, since Janet broke her foot again about a week before departure.

Last news from *Elaine Beard* found her expecting to receive her MA in English from UVA, June, 1965. Elaine had been quite active and busy that school year and was looking forward to finding the right job. She also noted that she was "engaged to be engaged" to a medical student and that they were hoping to be married sometime after June, '66, when he finishes med school.

Elaine passed along news of her ex-roomie, *Nancy "Lou" Moore*, who was then working for McGraw Hill in NYC as an assistant editor to an architectural magazine; noted, too, that she was having a gay social life. Also from Elaine, news of *Barbara Bowers'* engagement to Chuck Davis of UVA. Barb was living in Norfolk and working for an advertising agency at the time.

A very nice letter came from *Caroline "Sue" Chennell* Lapham over the past summer. She and Dave had gone from Annapolis to Quantico to Hawaii. They had been at the latter two weeks when had a change of orders sending him to Viet Nam for 13 months. Sue was planning to return to her home in Orlando and work in the public library there. Of the islands she wrote: "Hawaii is everything you'd imagine—beautiful, friendly, perfect weather (as a matter of fact, I'd advise every single girl to visit Waikiki at least once, especially in the summer)—I really hate to leave."

Before leaving Quantico, Sue had seen Pam Dickson who was working in DC and had been visited by Lynn Rowland then doing social work in Richmond. In Hawaii, she found "Betty" Lewis Chambers and husband Russ, who was stationed at the Marine Air Station. Sue asked that anyone passing Orlando-way be sure to stop and visit her.

A Christmas card from Janet Bennett Gioppa and Al brought news of a daughter, born Aug. 13, 1965, at Stamford, Conn., where they're now living while Al is working in NYC for a textile corporation on Madison Avenue.

Recent news via the Alumnae Office and the grapevine:

"Susie" Solf is an assistant to the director of a community education program in Tuskegee, Ala., and is thrilled with her job. "Susie" Cooper Cook is in Merritt Isle, Fla. She and hubby have a two-month-old daughter. Madeleine "Lynn" Deblois is working on the hill for Senator Moulter. Maria Maracic still loves teaching in Bakersfield, Calif., skiing on week-ends and Europe for the summer.

I was married on Nov. 27th to John D. Rayman of Chardon, Ohio. We met last March when he was at Quantico. Now we are happily settled in Alexandria where we'll be for the time being while making plans for Ray's entering school—hopefully, in the fall. Meanwhile we're both working and having a ball celebrating lots of firsts—our first Valentine's Day, the first anniversary of our meeting, etc.

Let us hear from you soon.

On this note, I'll end this letter and wait for more news from you.

Since this picture was taken, more than hemlines have changed at Mary Washington. Curricula, faculty, dormitory and classroom facilities . . . all have expanded. But the college must not stop growing. It never will because like all good colleges it must run to keep up with changing and broadening needs.

YOUR HELP IS NEEDED if Mary Washington is to add the "extras" that will maintain its high place in education. One vital future "extra," says Chancellor Grellet C. Simpson, is Endowed Chairs through which it can attract the finest minds to its faculty. Many thousands of dollars will be needed and these funds cannot come from tuitions or State grants. They must be provided by those of **us** who value our school and want to perpetuate its aims.

.....

This is why we now have under way an exciting insured gift program through which alumnae of modest means can give four and five figure endowments by making small, tax-deductible contributions. It's not magic; it just seems like it. Endorsed by your Alumnae Association, it works like this: A special life insurance policy has been designed by Woman's Life Insurance Company of America, Inc., for this purpose. You insure your life with this policy for \$1,000 or more, naming the Alumnae Association as beneficiary and owner. Your annual contribution (only \$18.72 a year for \$1,000 at age 30,

for example) is **tax deductible** since it is an outright gift. During your lifetime, the cash building in your policy can be used for college needs. Upon your death, the face amount of your policy becomes a cash memorial fund to the college. Now, let your imagination show you what it can mean to Mary Washington if hundreds of alumnae make such gifts! Join those members of the administration, faculty and alumnae who have already given their insured gifts. Get **all** the information by mailing in the clipping below right away.
